

## **Russian companies will participate in the 11-th OCCUPATIONAL SAFETY + HEALTH EXHIBITION FOR ASIA 2018 for the first time.**

This year 4 Russian companies will participate in OS+HA for the FIRST time. They will be represented on the small national Russian booth. This exhibition will be reported and introduced via Russian PPE news media channel – GETSIZ.RU. In Singapore the Getsiz.ru team will act as media partner of the exhibition (<https://www.osha-singapore.com/media-partners.html> ) and also the Exhibitor (<https://www.osha-singapore.com/exhibitors.html> ).

Together with the two Russian companies ("Respiratory complex" Ltd and "Roshimzashita" Ltd) Getsiz.ru will perform as a part of the national Russian booth. The Association of PPE manufacturers in Russia (ASIZ) also participates via Getsiz.ru in the exhibition. Getsiz.ru will present promotional materials of the Association and give the necessary advice on working with it for foreign partners.

The banner features a green background with a large white 'S' and 'HA' containing a red cross. To the left is a black silhouette of a person carrying a red circular object. Below this is the text 'The 11<sup>th</sup> Occupational Safety+Health Exhibition for Asia'. In the center, there is a collage of white icons representing various safety and health equipment. To the right, the dates '29 - 31 August 2018' and location 'Suntec Singapore' are listed, along with the website 'www.osha-singapore.com'. A white arrow points to the right.

**See you at booth: D02 GETSIZ.RU**

The Russian companies will not only promote their products and services at the national booth, but also participate in the PPE technical reports session on August, 29 (from 15.00 to 16.00) and August, 30 (from 12.00 to 13.00). Please check the schedule: <https://www.osha-singapore.com/technical-presentations.html>

Anna Dmitrieva, PPE marketing analyst, will make the report about the Russian safety market: "Getsiz.ru is your right partner to enter the Russian PPE market." The presentation will also introduce the Association of PPE and BIOT 2018 exhibition.
